Genre

All

Licence Type

All

**Key Insights:**

• **Licensed content generates 72.8% of total watch hours**, compared with 27.2% from StreamFlix Originals, showing that the platform still relies heavily on licensed catalogue content.

• **Animation delivers the strongest watch-time efficiency at about 0.21 watch hours per $1K spent**, while several licences begin expiring immediately after the June 2026 reporting date, making renewal prioritisation important.
